Being Person Centred

We are all individuals.
We have our own skills, needs and dreams for the future.

We all want to learn new skills.
We want to support everyone to be the best they can be.

Physical Health and Mental Health services are both important.
We will all work together to make sure peoples physical health and mental health are both looked after.

Making things better.
We want to keep making our services the best they can be. We will learn from what is working and what is not working.

Easy read information
The words we use and the information we give to people will be in a way they can understand.

Getting to know people
We want to know what matters to people. We want to provide care which is planned with people.

Having Choices
We want everyone to be able to say what is important to them. We will give people the support they need to make decisions.

Working Together
We will all work together to celebrate and reach our goals.
